

ECO-Jet

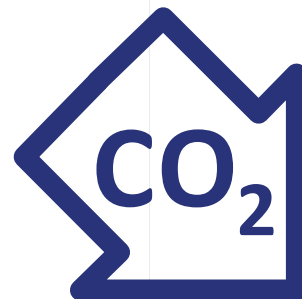

Effortless Fun

ECO-Jet is an Ultralight Electric Personal Watercraft that offers an exhilarating water experience combined that eco-friendly electric propulsion.

Perfect for leisure cruising, exploring waterways, or even commuting, this watercraft provides a thrilling ride while minimizing environmental impact.

Its compact design and light-weight construction make it easy to transport and maneuver, ensuring endless hours of fun on the water.

ECO-Jet is designed and built with a focus on weight, portability and ease of use. It has a built-in control computer that handles all the time critical tasks. The control computer has both WiFi and LTE/4G connections to communicate locally with a mobile, tablet or PC. The LTE/4G is used for communication with cloud services and use remote access to the ECO-Jet. This allows parents to monitor their teenagers as well as request help using the Help on Call button.

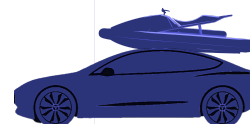

ELECTRIC POWER

REMOVABLE BATTERY

ULTRALIGHT

HIGH MOBILITY

Rider Capacity	2 persons
Weight Capacity	140 kg
Max Speed	55 km/h or 30 knots
Endurance	up to 60 min
Motor Power	22KW or 30 hp
Battery Capacity	+5 kWh
Battery Voltage	48 V
Charge Time	2-3 Hours using 230 VAC
Cooling	Water cooled

Dry Weight	40 kg
Battery Weight	25 kg removable battery
Length	2.5 m
Width	1.3 m
Mobility	Friendly transport & launch
Usage	Removable battery
Safety	Geo-fence & Help-on-Call
Connectivity	WiFi and LTE/4G
Warranty	12 months
